STEP NEWS

STEP & NCP Join Forces

The mission of STEP, Inc. is to engage diverse individuals, families, and communities in the pursuit of social and economic success.

To build better community collaboration and communication with the Newberry Community Partnership and its neighbors, STEP will be providing a brief article in each *insideNewberry* Newsletter. The Newberry Community Partnership and STEP will be working together on future projects as well!

Leadership change has occurred at STEP, with Terry E. Roller officially succeeding Janet Alling as President & CEO on June 24, 2011. Terry has worked in various capacities during his 30 years of service with the organization. He started his career with STEP's youth program in the summer of 1979 and, soon after, conceived and developed the highly successful and state-renowned Wilderness Challenge Program. Being one to always seek new challenges, Terry became the Director of STEP's Weatherization Program in 1991, which he

eventually developed into the multi-faceted Housing & Building Initiatives Program. For a two year period, he concurrently served as the Director of Transportation Services. STEP's Board of Director's Chairperson, David B. Stone, had this to say about the leadership change, "Terry brings a wealth of experience in many aspects of STEP, along with evolutionary and bold ideas to move

STEP forward in order to better fulfill our mission and vision."

Two other leadership changes include the hiring of Rachelle Ricotta as Director of Planning, and John Konieczny assuming the position of Director of Human Resources. Rachelle joins the STEP family after serving as the Community Development/Lead Planner for the County of Lycoming. John Konieczny has served as the Assistant Director of STEP since 1991.

According to Terry E. Roller, President & CEO, "These are two very key positions within STEP's administrative team, and represent STEP's commitment to strategically and prudently invest in our short term and long term future."

Other changes are afoot at STEP. Physical changes are happening, including the improvement of the sidewalk system at the Lincoln Street building, as well as additional landscaping to make the campus more inviting. For more information STEP can be contacted at 570-326-0587. Virtual changes are also taking place with the launch of our new and improved website. Check it out at www.stepcorp.org.

WATCH WHAT YOU HEAT

An Important Reminder from the Williamsport Fire Department

Unattended cooking is the number one cause of house fires in the world according to the National Fire Protection Agency. Unfortunately for Williamsport we have the numbers to support this fact. Kitchen fires may be the number one cause of house fires but they should be the easiest to prevent.

Many times while we are cooking on our stove tops we become easily distracted by a phone call, the kids arguing, Judge Judy or just plain forget what we were doing. Whenever you are cooking always have the exhaust fan on. This allows flammable gases created by heating fats or oils to be pulled up and cooled within the filter of the vent. If you don't have a range hood get one!

If you are going to leave the kitchen at the least turn down the heat; better yet turn off the stove. For deep frying, never heat grease in a pot or pan. Use a deep fryer instead. The heating element is enclosed and the gas vapors cannot be ignited.

When cooking, always have the lid that fits or one larger than the pot or pan ready. If a fire should occur slide the lid over the pan to snuff fire out. Never use water on a grease fire! Water and oil don't mix and the fire will grow rapidly. Never carry a burning pan outside or to the sink. The grease may splash and the next thing you know you are on fire. If a fire occurs, get out of the house and call 911; fire doubles in size every 10 to 15 seconds so you need to make sure the Fire Department is on their way.

Never leave small appliances such as toasters or can openers plugged in. Do not place any metal in a microwave, this may also cause a fire.

The best way to fight a fire is by preventing it from starting. Stay alert, use common sense and always be careful while cooking.

INSIDE OUR SCHOOLS...Reports from Newberry's Schools

Jackson Elementary School

The Eagles At Jackson Are Soaring!

Jackson Elementary School is off to a great beginning. Our students are challenged each day in the classroom by our teaching staff. Assessment data is used to plan for instruction. We can see what their needs are and we work toward that goal together. Parents are regularly informed of progress.

Jackson students hear each day the school expectations:

Be Present - come to school each day on time.

Be Responsible - do your job, be prepared

Be Respectful - follow directions the first time

Be Safe - keep hands, feet and objects to yourself.

Jackson, along with the other elementary schools in WASD, earned recognition for their effort in the Healthier US Schools Challenge. The presentation of awards was held at Jackson and included officials from the PA Dept of Education and the Dept. of Agriculture.

Jackson Elementary depends on the connection to the students' homes and families for a successful year. Families may join the P.T.O. They may participate in school events.

Jackson Elementary appreciates the support of our fundraising efforts. We celebrate the winter holidays in several ways and welcome you in joining us. Our winter concerts are on December 7 at 7 PM and our PTO sponsors a holiday shop to assist our young students in selecting gifts for family and friends on December 15 & 16. Times will be determined.

Jackson students are off to a Soaring start!

West Branch School

Something Old, Something New

In fall of 1970, several Williamsport parents met to discuss open classroom education. They envisioned a school for their children where self-motivation and freedom of choice were emphasized, where children would acquire skills at their own rates while being encouraged to work at their full capacity, and where parents would be actively involved in their children's education. They evolved into the West Branch School Association.

In March 1971, eleven families purchased nineteen \$500 stock certificates and purchased the former Newberry Assembly of God Church, located at Moore Avenue and Glynn Street. The building required extensive renovation. Much volunteer time and energy encompassed numerous building projects.

Two couples were hired as teachers, and the school opened in September 1971. There were 4 full-time staff and 32 children, ranging from kindergarten through 5th grade age.

Forty years later, West Branch School strives forward! The K-6 grade school as it exists today is the result of donations, and the contributions of labor and love from hundreds of people. The methods of teaching consist of evolved traditions, along with innovations introduced by each new person who has been hired to teach. The world has

INSIDE OUR SCHOOLS...

(Continued from Page 5)

changed and so has the school. WBS's continuing existence simply proves that the basic ideas upon which the school was founded are still important.

Today, big things are happening at West Branch School. We are celebrating our 40th anniversary! We are also welcoming new teacher, Erica Lomasson. Erica grew up in the Poconos with her parents and two sisters, one of whom is her identical twin. A love for music and drama was instilled in Erica very young, and is still a passion she pursues today. With so much enthusiasm, creativity, and energy, we look forward to Erica joining our family.

To roll with the changing times, West Branch has updated their technology with newer computers, laptops, and even iPads. The 3-6 grade age Upstairs duo of Steve Hulslander and Erica Lomasson will combine old traditions that make West Branch so unique, along with new ideas, technology, and energy to provide students with a personal and exciting education.

So, with something old and something new, together we continue growing to be the absolute best place where children love to learn!

WELCOME TO JAYSBURG!

Local Club Donates Sign to Honor Neighborhood

For over seventy years The Newberry Independent Club has been and continues to be a hub of charitable and social activity in Williamsport's West End.

Where is it? Never heard of it, you say? Well, it's the official name of the organization located at 2009 Boyd Street we all know as the Polish Club.

When you travel south on Arch Street and cross the railroad tracks, on your right you are greeted with a beautifully carved and landscaped sign that welcomes you to Jaysburg, a town that was laid out early in 1795 by William Ellis. Although it was not as old as Newberry, it grew quickly in anticipation of becoming the county seat. When Williamsport was selected as the place for the county seat, Jaysburg as a town ceased to grow but its beginnings are a source of pride and current residents proudly identify with the Jaysburg neighborhood.

The members of the Polish Club are responsible for the welcome sign. "We don't want the history of

Jaysburg to be forgotten. That's why we decided to erect the sign," said Ed Helt, President of the club.

Some of the Club's charitable activities include support for Camp Victory; sponsors of Newberry Little League and West End Babe Ruth teams; Purchase of 2 police dogs, one each for Williamsport and South Williamsport; Sponsor a bowling team; Easter Egg Hunts & Christmas parties for kids and supported neighborhood churches. Their largest sizeable single donation was the purchase of a van for Hope Enterprises.

This year the club expanded their facility to include a large enclosed patio to hold parties and events. The area also boasts two regulation horse shoe pits for tournaments.

It's active organizations like the Newberry Independent Club that keeps our neighborhood spirit vital and one of the reasons we like to say, "Williamsport's West End is the Best End."

ALBRIGHT LIFE SENIORS TAKE ON WILLIAMSPORT CROSSCUTTERS

Williamsport Crosscutters players Nolan Clark and Matt Campbell recently visited Albright LIFE to participate in the First Annual Albright LIFE Seniors vs. Williamsport Crosscutters Challenge. Boomer also attended and brought smiles to the faces of participants, staff and volunteers.

The Challenge consisted of three categories:

- Ring Toss
- Air Hockey
- Noodle Ball (the object is to keep a sturdy balloon in motion with a swimming noodle that is cut in half)

Matt and Nolan were also asked to help “even the score” by using their left hand during noodle ball and by wearing various pairs of goggles that mimic vision impairments while playing air hockey and ring toss. Everyone had so much fun that no one remembered to keep score, but given the laughter and cheering that went on during the challenge, it was easy to see that everyone was a winner!

Albright LIFE Participant Susan Leberfinger with Boomer, the Williamsport Crosscutters mascot.

Boomer tests out the equipment in the Albright LIFE therapy room.

LIFE participants engaged in a very spirited game of noodle ball as Susan Berta, Albright LIFE Activities Director/Recreation Therapist, and Boomer keep the ball in motion.

A FIFTH MURAL FOR NEWBERRY

The Newberry Community Partnership and Jackson Elementary School are pleased to report they are the recipients of a City of Williamsport Cultural Grant in the amount of \$700 for a Graphic Representation Mural for the Newberry Community. The project is in the planning stages and will be executed by the fifth grade students of the Jackson Art club and be completed by the end of the year.

The project director for the mural is Mary Rucinski. Mary is Assistant Director in the Community and Economic Development Office, City of Williamsport, a volunteer board member and current secretary of the NCP Board. She will serve as a liaison between the NCP and Jackson Elementary School art teacher, Sandy Corson and the students.

The previous two murals "Mapping the Course for Our Newberry Neighborhood" and "Patriot" are slated to be installed as we go to press and the new mural will be unveiled in December.

The mural program and public art gives students a chance to express themselves in the community. The Newberry Community Partnership is happy to help facilitate that expression.

Letters received by NCP from Jackson Elementary Art Club.
